

Iris Global has been the **Distributor of Choice** for its invincible personal touch.

During the total lock down period of the National Capital the company obtained special approvals, to open their warehouses to deliver notebooks to Tech Mahindra for enabling their IT infrastructure.

Iris Global's new state of the art new headquarters has proved lucky.

Recently, Iris helped structure a difficult deal for the supply of Mobile Phones for Indus Towers, as a good gesture to help welcome a new Partner.

Iris Global has also been appreciated for facilitating its partners in supplying a wide range of education tablets exported to Mauritius through EdCIL (a Govt of India Undertaking) and also for the United Nations Development Program (UNDP) for Cambodia.

Iris Global looks to this promising education sector, sets in for more business.

Iris's innovation and reaching out initiatives during difficult times bring more confidence in the partners as they keep coming back with more business.

Their work ethics and practices are very comforting; their partner was able to help India's premier Renewable Energy Conglomerate, SUZLON Energy upgrade their Data Center with solutions from Microsoft.

Iris believes in removing the pain in business using technology and crafting a solution.

"It's an honor to be given this recognition and the award for being the Most Preferred National Distributor. Our partners and our employees have contributed to this humongous task to make this possible. I thank NCN for this fantastic and amazing recognition" said Mr Sanjiv Krishen, Founder, CMD Iris Global.

Iris Global has recently diversified into the distribution of Medical & Healthcare Products seeing the aggravating Corona Virus Pandemic situation in the country. Intending to aid this rapid rise in demands of Healthcare Products, with their mastered skills in logistics, Iris Global has commenced offering Health Care Products. It is adding into its portfolio products of immediate use and high demands.
