Delhi based Iris Global recently supplied 1,000 unit of Samsung mobiles to India's leading telecom provider BTS Telco Tower Company-Indus Tower.

Sanjiv Krishen, Chairman, Iris Group said, "We received an order of supplying 1,000 Samsung mobile phones to the employees of Indus Towers through an event management partner- Awesome Entertainments. We assessed and helped them by extending credit and provided midnight delivery to meet the urgent critical delivery deadlines of their customer."

Krishen revealed that the initial order is around Rs 2 Crore.

Puneet Singh, Managing Director of Awesome Entertainment said, "Iris Global has been instrumental in successful completion of project deliverables. The extra mile support in terms of delivery, risk management and target achievement from Iris Global has helped in cementing valuable relationship with our esteemed client."

India has a total of 7,36,654 such BTS towers but so far around 96,212 BTS been installed in the country. Hence, the potential for expansion in this line of business is sizable.
