Iris Global the national distributor, was given the Most Preferred National Distributor Award 2020 by NCN at a recent event held at the Capital for honoring Brands, Partners, VARs and Associates for their performances and contribution for the year

The national distributor was the editor's choice for the distributor award on the basis of their capabilities in speedy order loading, execution & delivery in the distribution industry for IT Computers Mobile and IT related products and accessories across the country. During the total lock down period of the National Capital the company obtained special approvals, to open their warehouses to deliver notebooks to Tech Mahindra for enabling their IT infrastructure.

Recently, Iris helped structure a difficult deal for the supply of mobile phones for Indus Towers, as a good gesture to help welcome a new Partner. Iris has been structuring deal for partners. It has also been appreciated for facilitating its partners in supplying a wide range of education tablets exported to Mauritius through EdCIL (a Govt of India Undertaking) and also for the United Nations Development Programme (UNDP) for Cambodia. Iris Global looks to this promising education sector, sets in for more business.

Iris's innovation and reaching out initiatives during difficult times bring more confidence in the partners as they keep coming back with more business. Their work ethics and practices are very comforting; their partner was able to help India's premier Renewable Energy Conglomerate, SUZLON Energy upgrade their Datacentre with solutions from Microsoft. Iris believes in removing the pain in business using technology and crafting a solution.

"It's an honour to be given this recognition and the award for being the Most Preferred National Distributor. Our partners and our employees have contributed to this humongous task to make this possible. I thank NCN for this fantastic and amazing recognition," said Sanjiv Krishen, Founder, CMD Iris Global at thr time of the distributor award event.

The distributor has recently diversified into the distribution of medical & healthcare products seeing the aggravating Corona Virus situation in the country. Intending to aid this

"It's an honour to be given this recognition and the award for being the Most Preferred National Distributor. Our partners and our employees have contributed to this humongous task to make this possible. I thank NCN for this fantastic and amazing recognition," said Sanjiv Krishen, Founder, CMD Iris Global at thr time of the distributor award event.

The distributor has recently diversified into the distribution of medical & healthcare products seeing the aggravating Corona Virus situation in the country. Intending to aid this rapid rise in demands of healthcare products, with their experience in logistics. It is adding into its portfolio products of immediate use and high demands.
